

Columbus Park of Roses

2022 Rose List

This list, alphabetized by each rose's commercial name, includes all the roses throughout the CPOR. An asterisk by the rose name indicates it is newly planted in 2022. To find a particular rose in the gardens, you can cross-reference the listed location with the CPOR map at the bottom of this posting. The map includes the names of key garden areas. The same map is printed in free CPOR brochures located in dispensers on several kiosks throughout the gardens. In addition, each rose bed has a small label stake indicating the rose's name and type. Enjoy the gardens!
